

HAI101

Human x Artificial Intelligence

A lecture series spanning the social, behavioural, cognitive sciences, philosophy, and AI.

23 Oct · 6 Nov · 13 Nov 2026

Hybrid · LSE, London

ABOUT THE SERIES

What can machines teach us about minds?

HAI101 brings together the social, behavioural and cognitive sciences, philosophy and artificial intelligence to ask how we model minds, how minds shape machines, and what happens when machines begin to model people, reason about the world and produce knowledge themselves.

SESSION DAY 1

Friday 23 October

4 talks · 10:00–16:00

Nick Oh
London School of Economics
